protel Split Screen: the most important guest information directly in the hit list

Fast and easy - all details about a guest at a glance

Less work — more time for your guests

All up-to-date guest information displayed according to your needs

Have you seen protel Split Screen yet? This small add-on to your protel hotel software is extremely valuable when you are looking for specific details about a guest.

protel Split Screen displays all relevant information about your guest in the hit list of your search. You won't need to intricately click through the tabs of the guest profile to get all the information you need for the reservation.

You can choose which data of the guest profile are shown and we'll configure the information displayed on protel Split Screen according to your needs.

Hit list with all relevant information about a guest at a glance:

All information about a guest right at a glance

Detailed contact information

- address
- telephone numbers
- email address and website

Information about the reservation

- Which room was the guest in during his last stay?
- Should I offer the same room?
- Does the guest have a certain room he would like to stay in?
- How much did he pay during his last stay?
- What's the guest's VIP-Code?

The screenshot shows a search result window titled 'Suchergebnis'. It contains a table with columns: MTyp, Master, Name, Ort, IATA, Abteilung, Kontakt, and Aufenth. The row for 'Schmitz Fritz' is highlighted, and a yellow arrow points to the 'Name' column. Below the table, a detailed view of the guest's information is displayed, including contact details, reservation history, and preferences.

MTyp	Master	Name	Ort	IATA	Abteilung	Kontakt	Aufenth.
C		Bumenfeld Niederlassung	Mannheim			Schmidbauer Herr	0
		Schmid Hubert	Köln				15
		Schmidbauer Bernd	Dorfen				0
		Schmidbauer Soest	Soest				0
		Schmidt Harald	Köln				10
C		Schmitz Fritz	Stuttgart				36
